Date of Birth: 09/10/1988

Mauritian nationality and French spouse visa

Hello,

I am a passionate of horse racing since childhood and very fond of animal where horses are my favourite.

I have completed my Cambridge school certificate at Unity College Rose-Belle Mauritius. I am a very friendly person and have lots of hobbies such as watching new movies in theatre halls, nature walks, adventures and also I like to enjoy having family reunions and friends reunions.

I started my adventure of knowing horses more appropriately when I had a chance to begin as a groom boy at the Club Hippique of Mauritius at Floreal training Center for 1 year. I also got an opportunity after my first experience from race horses to do a stage at Milton Training Centre in Cape Town, South Africa at The National Horse Authority for 1 year.

Upon my return to Mauritius , I obtain another apprenticeship at Mr Borgel stable in Marseille, France and obtain an attestation of apprenticeship from the Residence des courses hippique a L'AFASEC de CABRIES.

In the year of 2009 till 2011, I came back to Mauritius where I began as a track rider and apprentice jockey for various stables in Mauritius and also won my 1st race for Gajadhur stable horse Lycium at the Champ De Mars Racetrack.

I continued with my career into the horse racing industry in Mauritius as apprentice jockey in 2012 until I got a jockey contract in Nouvelle Calédonie for stable Sarraméa and we won the champion stable, was crowned as Champion Jockey with 31 wins in two seasons.

In 2014, I was back in Mauritius where I got some rides for different stables as a freelance jockey and won in between of 5 to 7 wins for Rousset stable, Maingard stable, Rameshwar Gajadhur Stable.

From 2015 to 2023, I rode in Nouvelle Calédonie for several seasons and also rode in Mauritius when the seasons were over in Nouvelle Calédonie.

From the start of my career, I have always given my best in riding for different stables that I work for and I always look for improving my riding career in the horse racing industry.

I have a total of 103 wins in my overall career and as a lover of the equine race, I myself have two horses at my place for my in-laws stable.

My wife and my son live in New Calédonie and being able to practice my profession without being thousands of kilometers from them would be a serious advantage that you could offer me by working in Australia.
