

HAVISHAY MOOSUN

Jockey Apprentice

SUMMARY

I am a passionate and experienced horse rider with over six years of hands-on experience. I began my riding journey in Mauritius at Club Hippique de Maurice, completing two professional jockey training stages and earning certification. I was later selected to join the prestigious South African Jockey Academy, where I trained intensively and rode 15–17 horses daily at the Summerveld Training Centre, Durban, South Africa. I also represented the academy in the UK at the British Racing School, gaining international exposure and further developing my equestrian skills. I am committed, disciplined, and continuously eager to learn and improve in the field of horse riding and racing.
