To the Hiring Manager

My name is Atlas Evans, and I'm writing to express interest/ask if there would be any possibility of any positions to work in your yard/stables.

I've been working roles within the equine world since I was 13 years old, currently I've been working with the Christchurch SPCA since November 2024. I've had a focus working within the Equine department, most recently solely managing the care of 26 horses and multiple other farm animals.

My goal has always been to work towards gaining experience in the Thoroughbred breeding and training industries. I've previously worked with off the track racehorses to help with re-training into show horses, but I would love to gain the experience to work within stables. My goal would be to complete my NZ Introduction to Equine Skills certificate, along with gaining a Stablehand license and working towards the Level 3 and 4 certificates in Equine Breeding. I'm interested in learning every part of stud routines, breeding preparation, foaling down, as well as training for racing and watching how a trainer/farm develops a horse for their careers - whether that's racing, breeding, or becoming a sporthorse.

I believe I have a very strong background in animal care and working with horses. I'm confident handling all types of horse and managing their different needs. I'm confident with stable chores, dietary needs, medical needs/medicating, and monitoring any behavior or health needs. I've worked in yards of varying sizes and understand the importance of consistency, attention to detail, and good horsemanship. I've spent a lot of time doing my best to learn and understand all parts of equine care.

I am reliable, hardworking, and genuinely keen to learn. I take pride in doing every part of my job to a high standard, asking questions when needed, and contributing positively to the team around me. Although I'm based in Christchurch currently, I would be willing to move for the right position.

If you think I could suit your yard, I would love to hear back with your thoughts. My notice period for the SPCA is 4 weeks, but could be adjusted for the right position. For further contact, please don't hesitate to get in touch at 020 4132 4332 or [Atlasevans27@gmail.com](mailto:Atlasevans27@gmail.com)

Thank you very much for your time and consideration

Sincerely,

Atlas Evans.

*Note: Excellent references available on request from both SPCA staff and previous employers.*
