Application for Work Rider / Exercise Rider Position

Dear Trainer / Hiring Manager,

I am writing to apply for a Work Rider / Exercise Rider position within your racing yard. I am a professional Track Work Rider / Riding Boy with more than four years of hands-on experience working with Thoroughbred racehorses at Mysore Race Club in India under licensed racehorse trainer Mr. Michael Eshwer.

My experience covers the daily work of a professional racing stable. I regularly ride racehorses for exercise and track work, assist with conditioning and fitness programmes, and carry out daily swimming-pool exercise as part of racehorse fitness and conditioning. I am also experienced in grooming, washing, brushing, feeding, saddling, bridling, horse handling and general stable and yard duties.

I also have practical race-day experience. Whenever horses from our stable are entered to race, I participate in race-day operations and work directly alongside the trainer. My responsibilities include helping with saddling and pre-race preparation, equipment and final checks, handling horses at the race meeting, following the trainer's instructions throughout the day and assisting with post-race care.

I take horse welfare and safe handling seriously and understand the importance of observing a horse's health, fitness and behaviour and reporting concerns promptly. I am comfortable with early starts, physically demanding yard work and working as part of a disciplined racing team. I am hardworking, reliable and willing to contribute to all aspects of stable life.

Alongside my racing experience, I have good computer skills including Microsoft Word, Excel, PowerPoint, Google Sheets and general computer applications, as well as knowledge of C, JavaScript and Python and advanced AI knowledge. I also hold two-wheeler and four-wheeler driving licences and speak English, Hindi and Urdu.

I am very interested in developing my career in Thoroughbred racing industry and would welcome the opportunity to demonstrate my riding ability, work ethic and practical experience in your yard. I am willing to learn your yard's methods and standards and to take on the responsibilities required of a professional Work Rider.

Thank you for taking the time to consider my application. I would be grateful for the opportunity to discuss my experience with you.

Yours sincerely,

MD NOOR FARAZ
